Computing and Engineering Technologies Advanced and Applied Technology Department of Computing and Information Technology Jobs and Employment Information: https://www.csn.edu/cetarea

**DESCRIPTION:** This program provides students with the skills necessary to investigate computer crime, work with compliance, and understand the legal ramifications of computer crimes. Students who complete this program will be able to collect evidence from an incident using computer and network forensics techniques. Students will be able to create incident reports, conduct a risk assessment, and understand how to govern and mitigate risk.
